
DANICO
XPLORER
CHINA

INTRODUCTION

A new chapter of Danico Xplorer begins! Danico Xplorer couldn't end after the success of its first collection. Thanks to you, our journey continues, allowing us to travel further and share with you an infinite world of flavors, cultures, and discoveries.

This time, we're heading to China. A country of extraordinary diversity, where ancient traditions, rich culinary heritage, and regional flavors come together to tell countless stories.

This adventure would not have been possible without the incredible teams at Hope & Sesame Group, Pony Up, and CMYK, who welcomed us, shared their passion, and invited us to discover their country through their eyes.

Through this new collection, we invite you to explore China with us, one flavor, one story, and one tradition at a time.

Welcome to Danico Xplorer China.
The journey continues.
